Dear Robyn,

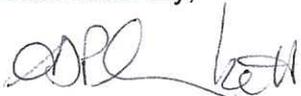

RE: Pedestrian/Cycling Bridge over the Meredith River.

We thank you for your correspondence on behalf of the Dolphin Sands Rate Payers Association regarding the above proposal.

After discussion at our meeting on 1st April 2019 it was agreed by all that in principal we support your proposal of the footbridge between Cambria Drive and Shaw Street. It was unanimous that this may enhance the local visitor economy by creating a corridor of safe travel.

Please recognise the Destination Action Planning (DAP) group is not an advocacy group, nor do we provide funding for projects. Our in-principle support is based on our mission to enhance sustainable economic development through tourism.

Yours faithfully,

Adele Plunkett
